

BB TOY GRENADE

MK-II & M26A1

Users Restricted to
18 Years of age or older

HANDLING CAUTIONS AND INSTRUCTION MANUAL

Always read through this manual before operation.

WARNING

Only for 18 years of age
or older

Operation of this Toy for competition use is restricted to users of 18 years of age or older.

Injury caution

Since plastic BB bullets reach 50 to 60 meters, careless shooting may cause eye damage or other injuries.

Careful reading of
Handling cautions and
Instruction manual

Always read through this HANDLING CAUTIONS AND INSTRUCTION MANUAL carefully before operation. Operate the Toys with full recognition of warning and cautions.

WARNING

This product is not suitable for children under 18 years old.

This product is designed as toy demonstrating the action of a grenade, it uses gas to push open the plastic cabinet and release powder and/or BB to the surrounding air.

We assume no responsibility, directly or indirectly, for financial losses or claims from third persons resulting from using this product.

The information in this manual is subject to change without notice.

DeepFire has the final explanation on any dispute regarding the content of this user manual.

Never inject gas to the product before using it.
