## ZPRC152

### DUMMY RADIO CASE

Z 020

#### ⚠ WARNING

The output of the level-dependent circuit of this hearing protection may exceed the external sound level. The output of the electrical audio circuit of this hearing protector may exceed the daily limit sound level.

#### IMPORTANT!

For the best protection, brush aside hair around the ears so the ear cushions fit snugly against the head. Spectacle frames should be as thin as possible and fit close to the head.
