## COVER / HANDGUARD Battery Installation

LCK Series

Press the button & Detach the cover.

Connect the battery. Attach the cover by reversed steps.

PP-19-01

Press the button & Open the cover.

Connect the battery. Attach the cover by reversed steps.

VSS / VAL

Press the button(1) & Rotate the Handguard (2) then forward remove it.

Connect a battery. Attach the handguard by steps.

L4

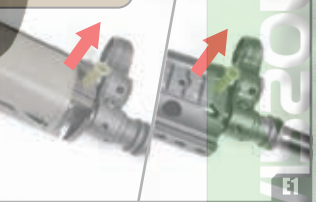

Push the handguard ring backward and remove lower handguard.

Connect a battery. Attach the handguard by steps.

LC-3

Remove the locking pin of handguard.

Connect the battery. Attach the handguard by steps.

## FIXED STOCK Battery Installation

LC-3

Pull and detach the Butt plate.

Connect a battery. Attach butt plate by reversed steps.

LCK Series

Remove screws & detach the Butt plate.

Connect a battery. Attach butt plate by reversed steps.

LR16

Press the latch & open the lid.

Connect and put a battery into the stock. Close the lid.

## RETRACTABLE STOCK Battery Installation

LTS Keymod

Make the stock fully collapsed. Press the button and open the butt plate.

Connect and put a battery into the stock. Close the butt plate.

L4

Pinch lugs of the butt plate. Push out the butt plate then detach it.

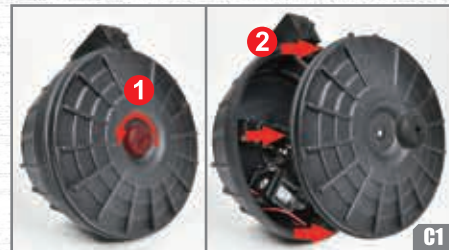

Connect and put a battery into the stock. Close the butt plate.

## DRUM MAG

## Load / Unload Magazine

Losen the fixing screw to open the butt plate.

Install 3 AA alkaline batteries into the battery box. Trun the power switch ON. Put the butt plate back and fix the screw.

Load BBs from top cover. Wind the loading lever in front of magazine until hearing crackling sound.

## MAGAZINE

Please use LCT high precision/ BIO BBs.

Using a BB loader(excluded) to fill in the mid-cap magazine.

Open the magazine top lid and fill in BBs. Make sure the cover firmly closed before winding. Wind the ratchet (One way) at the bottom of magazine until hearing crackling sound.

1 Safety ON 2 Full Auto 3 Single

Tilt and insert the hook into the magazine socket. (show as red arrows)

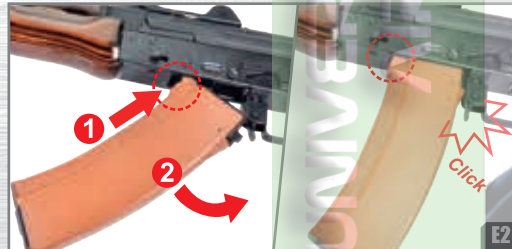

Let a magazine be attached with the magazine release lever (step 2) until set firmly.

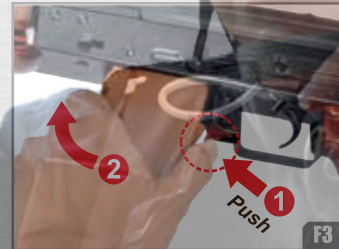

Hold the magazine, push the magazine release lever(A) or press the button(B) for unloading.

Tilt and insert the hook into the magazine socket. (show as red arrows)

Let a magazine be attached with the magazine release lever (step 2) until set firmly.

Hold the magazine, push the magazine release lever(step 1) for unloading.

## Fire Selector

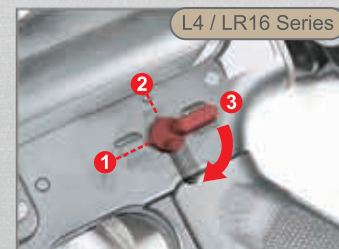

L4 / LR16 Series

F1: Insert a magazine into the magwell until set firmly.

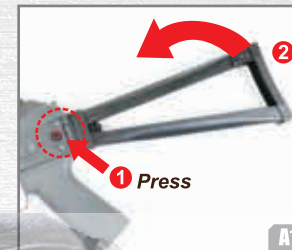

F2: Press the release button for unloading.

1 Safety ON 2 Single 3 Full Auto

## LEFT

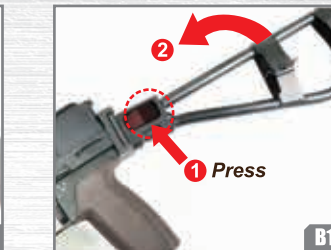

### Compatible Type

Press the stock release button.

Fold the stock to left side of receiver.

Press the stock release button.

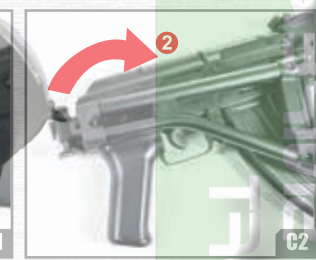

Fold the stock to left side of receiver.

## RIGHT

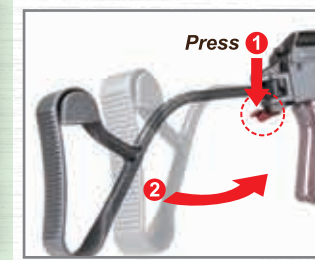

### Compatible Type

Press whole stock downward.

Fold the stock to right side of receiver.

Press the stock release lever downward.

Fold the stock to right side of receiver.

## BUTTOM

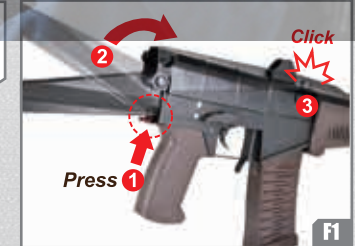

Detach a magazine first. Press the stock release button.

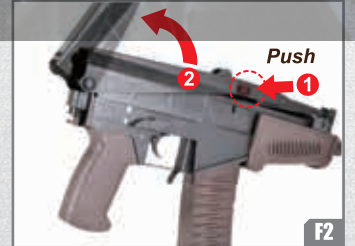

Fold the stock to the bottom of receiver.

## TOP

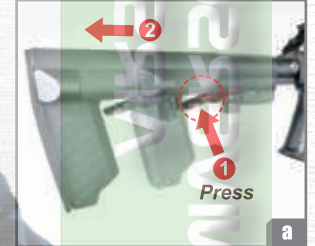

Press the stock release button. Fold the stock to the top of receiver until it's locked.

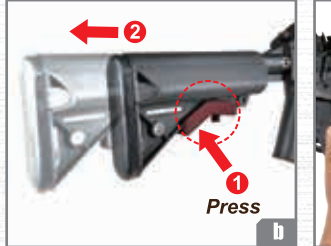

Push back the stock release button. Unfold the stock until it's locked.

## Retractable Stock

Press or turn the stock adjustment lever, make the stock be extended or collapsed.

Press the stock release button.

Fold the stock to right side of receiver.

## Stock Modularize

Detach the top cover and stock pin form the receiver. Put another stock module into the stock socket. Attach the stock pin with receiver by hammers or other proper tools.

Attach the stock pin with receiver by hammers or other proper tools.
