WARNING

- ▶ Adult supervision required.
- ▶ Always wear safety goggles when using this product.
- ▶ Misuse or careless handling of this product may cause injury.
- ▶ May be hazardous up to 50 meters.
- ▶ This product is intended for users 18 years or older.
- ▶ Read all instructions before using this product.
- ▶ The buyer and the user of this product shall adhere to all local laws regulating the usage and the ownership of airsoft guns.

▶ Please check all parts with accessories. If you lose any parts or accessories. Please contact your retailer or dealer.

WARNING

1. Please select quality battery with the CE approval, to avoid any un-necessary damage on your product.
2. Please use 9.6V or 8.4V battery. If you use different voltage battery, it may damage the airsoft gun.
3. Remove battery from device when not in use.
4. Charge with the same type charger.
5. Do not wet or incinerate battery, or deform positive cap.

1 Install the Battery (Battery is Optional)

1. Press the stock plate.
2. Pull the stock plate.
3. Insert battery into the stock.
4. Reinstall the stock plate.

3 Shooting & Hop-up Adjustment

WARNING

It is strongly recommended the use of G&G BB pellets only. Using low quality BB pellets will shorten product life span and void product warranty.

Safe mode Semi mode Auto mode

1. Pull and hold the bolt lever.
2. Sliding the Hop-up adjustment piece forward or backward to change the Hop-up effect.

2 Load the BBs & Install Magazine

1. Open the cover plate on the Magazine.
