MADE IN TAIWAN

**INSTRUCTION MANUAL**

**SAFETY INFORMATION**

# SR4 SERIES

6mm Cal. AIRSOFT RIFLE

When using airsoft guns eye protection is required (goggles or mask)

Please keep away from children

Please select a safe place to fire your airsoft gun. Always know your state and local laws concerning airsoft gun use.

BBs may remain in the barrel after magazine removal. To avoid injury, never look directly into the barrel and ensure the gun is always pointed in a safe direction.

Do not aim or shoot at humans, animals, buildings, or vehicles.

Never place your finger on the trigger until you are ready to fire the gun. Always put the gun in safe mode when not in use. Treat every gun as if it is loaded.

Disassembly or modification of this product may result in damage to your Airsoft gun, loss of warranty, and/or serious injury.

Please use a firearm case or bag when transporting your airsoft gun.

**SR4 SERIES PARTS DESCRIPTION**

## 1 Installing the Battery (Handguard type)

STEP 1

Please use a fully charged SRC 8.4v Battery.

STEP 2

1. Push the Delta Ring to the rear and hold.  
2. Remove cover to expose battery compartment.

STEP 3

1. Connect the battery leads.  
2. Insert the battery into the stock.

STEP 4

1. First, insert the front end of the handguard.  
2. Push the Delta Ring to the rear and hold.  
3. Replace the Handguard.

STEP 5

Press the Delta Ring firmly against the handguard tab, to lock the handguard in place

## Installing the Battery (Compact Fixed Stock type)

STEP 1

Please use a fully charged SRC Mini type Battery.

STEP 2

1. Carefully push the Cover downwards.  
2. Slide the Cover rearward and remove from the Stock.

### WARNING

1. Remove the battery from device when not in use.
2. Please use high-quality, CE approved batteries.

STEP 3

Connect the battery leads.

STEP 4

Insert the battery into the Stock.

STEP 5

Reinstall the Cover

### Installing the Battery (Fixed Stock type)

STEP 1

Please use a fully charged SRC Large type Battery

STEP 2

Open the stock cover.

STEP 3

1. Connect the battery leads 2. Insert the Battery into the Stock.

STEP 4

Close the cover

Install complete

### Installing the Battery (Combat Crane Stock type)

STEP 1

Please use a fully charged SRC 2 stick 8.4v or 9.6v Battery

STEP 2

Push the Release button.

STEP 3

Remove the cover.

STEP 4

1. Connect the battery leads  
2. Insert the Battery into the Stock.

STEP 5

Reinstall the cover.

## 2 Loading the Magazine

### WARNING

Use SRC Precision BBs only. The use of low-quality BBs may cause damage to your airsoft gun.

### STEP 1

Open the BB well cover and fill with BBs

### STEP 2

Rotate the wheel on the bottom of the magazine until you hear the clicking sound change.

### STEP 3

Insert the magazine until you hear it click into place. The gun is now ready to fire.

## 3 Shooting Modes

### Safe mode

### Semi mode

### Auto mode

## 4 Hop-up Adjustment

### WARNING

Always keep finger off the trigger until you are ready to fire. Make sure the muzzle is pointing in a safe direction. Keep the selector on safe mode until you are ready to shoot.

### STEP 1

Pull the Charging Handle to the rear, exposing the Hop-Up lever.

### STEP 2

To reduce the Hop-Up setting, rotate the hop-up dial towards NORMAL.

### STEP 3

To increase the Hop-Up setting, rotate the hop-up dial towards HOP.

5

## Front Sight Adjustment

If BBs hit high on the target, turn the front sight to the right.  
 If BBs hit Low on the target, turn the front sight to the left.

## Rear Sight Adjustment Tactical Rear Sight

If BBs hit to the right of the target, turn Screw B to the left.  
 If BBs hit to the left of the target, turn Screw B to the right.

If BBs hit to the right of the target, turn windage to the right.  
 If BBs hit to the left of the target, turn windage to the left.

## 6 Rear Sight Adjustment

## 7 Troubleshooting

Problem : AEG does not function

**WARNING**  
Use SRC Precision BBs only. The use of low-quality BBs may cause damage to your airsoft gun.

Please check the connectors

Please check the motor wiring connections.

Please check the fuse

**When the gear noise becomes shrilly.**

Please use a screwdriver to adjust.

## Troubleshooting Problem: Clearing jammed BBs

STEP 1

Remove the magazine.

STEP 2

Turn off the Hop-Up by rotating the hop-up dial all the way towards NORMAL. Use the correct end of the cleaning rod.

STEP 3

Insert the Cleaning rod into the Barrel to remove the jammed BBs..

STEP 4

Use Airsoft Safe Silicone to lubricate the hop up chamber. Use silicone lubricant sparingly..

**WARNING**

- Always keep finger off the trigger until you are ready to fire.
- Make sure the muzzle is pointing in a safe direction. Keep the selector on safe mode until you are ready to shoot.
