### SAFETY INSTRUCTIONS

You should be fully familiar with the proper and safe handling of your airsoft gun. The basic principles of gun safety require you to always apply the following rules when handling an airsoft gun.

- Always handle any gun as if it were loaded.
- Always put the safety of the gun "ON SAFE" when loading it so that there can be no risk of an unintentional discharge.
- Always keep your finger off the trigger and out of the trigger guard until ready to shoot.
- Only use the kind of projectiles specified for your gun.
- Always keep the muzzle pointed in a safe direction.
- Never transport a loaded gun. Only load your gun when you intend to fire it.
- Avoid ricochets. Never fire at smooth, hard surfaces or water.
- Before you discharge your gun, make sure that the target and surrounding area are safe.
- Make sure that you always have full control over the muzzle of your gun, even if you stumble or fall down.
- You and others within the gun's range should always wear eye protection designed for airsoft guns to protect your eyes.
- Safety shooting glasses should always be worn when firing any gun. Shooting glasses must be worn over normal reading glasses.
- Always store your gun in a safe place and in unloaded condition. Unauthorized persons (persons not familiar with the use of guns, children and minors) must not have access to it, ammunition is to be kept in a separate place.
- The gun together with its operating instructions may only be handed over to persons who have reached the age of 18 (or older) and who are fully familiar with the handling of it.
- Modifications or repairs of guns should only be performed by an authorized Umarex USA gunsmith.
- Never leave a loaded gun unattended.
- Only unloaded guns are to be handed over to another person.
- Make sure the gun is unloaded when getting it from storage or from another person.
- Never point the air soft gun at anything you do not intend to shoot.
- Always keep the gun on SAFE until ready to shoot.
- Do not shoot at hard surfaces or at the surface of water: the plastic BBs may bounce off or ricochet and hit someone or something you had not intended to hit. If the plastic BBs should happen to hit a hard surface, DO NOT reuse those plastic BBs because they could cause possible damage to your air soft gun.
- Replace the backstop if it becomes worn. Place the backstop in a location that will be safe should the backstop fail.

**CAUTION**

Buyer should be at least 18 years of age to purchase this airsoft gun. Carefully read and understand these instructions before using this airsoft gun. Buyer and user have the duty to obey all laws regarding the purchase, use and ownership of this airsoft gun.

**WARNING:** DO NOT BRANDISH OR DISPLAY THIS AIRSOFT GUN IN PUBLIC - IT MAY CONFUSE PEOPLE AND MAY BE A CRIME. POLICE AND OTHERS MAY THINK THIS AIRGUN IS A FIREARM. DO NOT CHANGE THE COLORATION AND MARKINGS TO MAKE IT LOOK MORE LIKE A FIREARM. THAT IS DANGEROUS AND MAY BE A CRIME.

**WARNING:** NEVER ASSUME THAT BECAUSE THE AIRSOFT GUN NO LONGER FIRES A BB AND/OR THE MAGAZINE IS REMOVED FROM THE GRIP FRAME THAT A PLASTIC BB IS NOT LODGED IN THE BARREL. ALWAYS TREAT THE AIRSOFT GUN AS THOUGH IT IS LOADED AND WITH THE SAME RESPECT YOU WOULD A FIREARM.

**WARNING:** NEVER LEAVE A COCKED OR LOADED AIRSOFT GUN UNATTENDED! YOU SHOULD STORE THIS GUN IN UNLOADED AND DECOCKED CONDITION.
