

警告
WARNING

You may be liable for damaging public or personal property or for injuring a person or an animal even if you only meant to shoot as a "practical joke" Always observe good manners and enjoy fun sport shooting.

警告
WARNING

Never direct the muzzle towards a person, and animal or any other dangerous direction.

警告
WARNING

Select a safe place for operating the air gun, avoiding places where people and cars pass cross or third persons are around.

警告
WARNING

Make sure to attach the barrel and safety cap to the muzzle, except when you are shooting. Do this to prevent accidental, sudden discharge and also for dust protection purposes. NEVER pull the trigger while the barrel and the safety cap is attached.

警告
WARNING

Safety procedure:
1 - Attach the safety cap to the muzzle.
2 - Set the selector lever to the safety position.
3 - Remove the magazine.
4 - Remove the battery.

警告
WARNING

Looking into the muzzle is extremely dangerous regardless of BB's having been installed or not. If you get hit in the eye by a BB bullet, you may in worst case, loose your eye sight.

警告
WARNING

Activating the trigger carelessly is extremely dangerous. Never put your finger onto the trigger unless the safety cap is removed and you are ready to shoot a target.

警告
WARNING

When shooting the air guns for target practice or in a game situation, you and all participants must wear goggles or other eye protective gear. Also, pay attention to ricochets. It is important to pay attention to third parties other than the participants.

警告
WARNING

There may be cases where some BBs remain in the gun after the magazine has been disconnected. After removal of the magazine, direct the muzzle towards a safe direction and pull the trigger to confirm that no BBs remain in the gun, then attach the safety cap.

警告
WARNING

When you carry the air gun, attach the safety cap, set the selector lever to the safety position and always put it in a case or bag.

警告
WARNING

Always attach the safety cap to the muzzle, remove the battery and store the air gun in a case or bag and at a place out of reach by children.

警告
WARNING

Disassembling or modifying the gun may adversely affect the performance and make it dangerous.

Components

G&G ARMAMENT
Complete AEG Series

Uber Machine Gun
6mm Electric Semi/Full Auto System

G&G ARMAMENT
Complete AEG Series

1

Press the lower part of the bolt catch to stop the bolt when the cocking lever is pulled backwards to open the bolt.

2

Press the upper part of the bolt catch to release the bolt.

CAUTION

Always attach the safety cap and disconnect the magazine to avoid sudden operation upon connecting the battery.

Be careful so as not to catch your fingers in the movable parts.

Always set the lever to "safe" before firing.

Do not disassemble beyond what is necessary, or the gun may be damaged.

Always use "G&G ARMAMENT" BBs for this gun. We shall not be held responsible for any damage or accidents arising from the use of bullets supplied by other manufacturers.

Since a tight barrel is used, use of dirty BBs or those with burrs causes jamming and possible fatal damage to the gear box.

Turning hop-up dial excessively causes clogging of BB.
Keeping pulling the trigger with BB clogged damages the piston and gears.

Never hold the gun sideways as BB will curve right or left.

We shall not be held responsible for any damage or accidents arising from the wrong operation or modification of the gun.

Disassembly is designed for appropriate maintenance, not for modification.
